### Performance Academy-Goal Keepers

The Performance Academy for Goal Keepers is a technical development program for youth goal keepers from Coerver® Coaching, "The World's #1 Soccer Skills Teaching Method", and their international partner adidas®.

Coerver® Coaching Performance Academy for Goal Keepers operate around the world with the aim of maximizing each player's development. This is achieved by providing each player with professional coaching, age specific Technical and Physiological programs, top class facilities and an extensive support program on and off the training field.

Our aim is to develop confident, Technical goalkeepers whilst teaching essential social skills such as good sportsmanship and respect, in addition to a good attitude to practice and play.
